About

As an engineering student, I have a deep passion for becoming a Developer. I am eager to expand my knowledge and explore new technologies, with a strong willingness to apply what I have learned. I am actively seeking opportunities where I can demonstrate my acquired skills and contribute to the achievement of organizational goals.

Skills

Web Development: HTML • CSS • Bootstrap • Tailwind CSS • React • Nextjs • Nodejs • Express • MongoDB

Language: Javascript • Python • C

Software: Figma • After Effects • Photoshop • Netlify.app • Postman • Vercel

Developer Tools: Git • Visual Studio Code • Github • Cloudflare

Education

Saintgits College Of Engineering	Kerala,India
B.Tech in Computer Science Engineering	2021 - Present
St Peters HSS , Kurumpanadom	Kerala,India
Higher Secondary	2019 - 2021

Projects

Scan Score

https://github.com/tomsabu444/SmartGrader_YUKTHI24

AI-powered automatic descriptive exam evaluator

- Developed Scan Score, an innovative automatic descriptive exam evaluator leveraging React, Gemini API, MongoDB, Express.js, and Node.js technologies.
- Secured third place in the prestigious YUKTHI24 Hackathon for Scan Score, showcasing its potential to revolutionize traditional evaluation methods by reducing time and errors in grading processes.
- Contributed to advancing educational assessment practices by creating a cutting-edge solution, accessible at [GitHub repository](#), offering a glimpse into the future of exam evaluation

Resume Builder

<https://vitality-beige.vercel.app/>

Crafted Resume Builder, an innovative tool developed for our college's open-source club competition.

- Secured first prize in the esteemed open-source club competition held by Saintgits College of Engineering for Resume Builder, showcasing its excellence in design and functionality.
- Leveraged React to create a user-friendly and efficient platform, accessible at [this link](#), offering students an intuitive solution for crafting professional resumes.

Personal Portfolio

<https://react.tomsabu.com/>

Designed and developed a personal portfolio using React, demonstrating expertise in web development technologies.

- Utilized React.js, CSS, and HTML to create an engaging and dynamic portfolio, showcasing projects, skills, and achievements.
- Created as a learning project to deepen understanding of React.js and enhance proficiency in front-end development, accessible at [this link](#).

Achievements & Certification

🎖️ Achieved third place in YUKTHI24 Hackathon.	🎖️ Secured first place in Web Development competition in Saintgits College.	🎖️ Participated in Capture the Flag conducted by UST.
🎖️ Participated in a 5-day internship on "Cyber Security & Ethical Hacking" conducted by TECHMAGHI	🎖️ Completed a Massive Open Online Course (MOOC) on "Database Management System" conducted by NPTEL.
